PUT HISTORY IN THE HANDS OF LEARNERS

Draw students into the historical events that shaped our country. *Gale In Context: U.S. History* is an engaging online resource designed to support U.S. history studies by providing a thorough overview of our nation's complex past—from wars and political movements to the individuals and cultural shifts that initiated them.

MAKE HISTORY MORE APPROACHABLE

ACCESS COMPREHENSIVE CONTENT
Provide students extensive coverage of historical events. This collection contains millions of articles from periodicals and newspapers; hundreds of thousands of topic and event overviews; biographies; and rich multimedia, including images, videos, audio, and web links.

GAIN A BROADER PERSPECTIVE
Deliver an unparalleled look into the American experience. Students will have the power to explore a wide variety of topics ranging from the arrival of the Vikings in North America to the first shots of the Civil War and on through to the civil rights movement, 9/11, and the War on Terror.

UTILIZE CLASSROOM-READY CONTENT
Pinpoint comprehensive media-rich collections to help learners evaluate content in diverse formats and enhance their critical thinking skills.

NAVIGATE EASILY ACROSS TOPICS
Offer a user-friendly experience. This resource allows students more time with content and less time learning navigation tools.

GALE

Gale, here for **everyone.**

"When demonstrating how to use *Gale In Context* resources, I love clicking on the Topic Finder. I literally watch students' jaws drop when they see everything pop up! They can start broad and drill down into titles and articles that work best for their assignments. I've actually heard students tell each other to 'Go to Gale, search, then click Topic Finder.' It's like magic!"

Claire Hogg, MSLS, Librarian, Central High School, Texas

MASTER WORKFLOW

Expand access and increase discovery by integrating Gale resources into your learning management system. Add to that the power of **Google Workspace for Education** and **Microsoft 365** tools, which enable users to easily share, save, and download content—including highlights and notes.
